Call a public inquiry into pro-Israel influence on politics & democracy

Created by **Andy Kalil**

Closes on **28 July 2026**

We are concerned about reported Israeli state-linked and pro-Israel lobbying activity in UK politics. We believe it is important to determine the scope and impact of any such influence campaigns.

We feel that the horrific devastation in Gaza, the ongoing suppression of Palestinians in the West Bank, and the UK's political response underline the urgent need to scrutinise how pro-Israel organisations, networks, and lobbying efforts may shape government decisions, party policy, and public debate.
